

Extended Hours Set for A&D Building Showrooms

New York — New York's Architects & Designers Building, a major collection of kitchen/bath and other building products showrooms, has announced a "Third Thursday Late Nights" program, to run through the end of this year.

The program, which began last month, will see the A&D Building and its 40 high-end showrooms remain open until 8 p.m. on designated Thursdays, as part of a four-month trial period, building officials said.

The late-night dates include Oct. 15, Nov. 19, and Dec. 17, officials noted.

The A&D Building, located at 150 E. 58th St., contains showrooms featuring luxury kitchen and bath cabinets, countertops, plumbing products and appliances, as well as related home furnishings.
